

Sims Tree Learning Center

PRESENTS

WILDLIFE AWARE PROGRAM

Visit TLCWildlifeAwareness.org for more information

Topics Discussed

- Laws protecting wildlife and how your work may be impacted
- How to identify possible impacts to protected wildlife
- How to be safe when working around wildlife
- Ways to minimize or avoid impacts

Continuing Education Units

5 CEUs for ISA available

Instructor Information

This program has been prepared by Sims Tree Learning Center and Kidd Biological, Inc. who have been working with various types of contractors in the field for over a decade, teaching appropriate avoidance measures and developing solution-oriented strategies for balancing development and conservation.

Cost

Cost is \$95/person. The price includes the class, lunch, and 1 each of the following "Wildlife Aware Graduate" products:

- A 7in sticker for their trucks
- A small window sticker
- A patch for jackets

NOTE: Minimum class count is 15. Otherwise class is subject to cancellation by September 25, 2017

ADDRESS: San Joaquin Wildlife Sanctuary @ Sea & Sage Audubon 5 Riparian View Irvine, Ca. 92612
